

OFFICE OF  
THE TOMBSTONE MILL AND MINING COMPANY.

Tombstone, Arizona, July 3 1892.

My dear Sam.

Your last letter came to hand just as I was finishing one to Mamma and I enclosed yours to her, as she is always so glad to hear from you. She is especially anxious in winter. My last report from her is a telegram of 1<sup>st</sup> inst. Visiting prevented writing last week. Poch safe from Moscow. Eagle? which was a great comfort to me. I knew that she intended to go to A. for two or three days when Paul had holiday after examination and as the weather has been continuously wet, cold and generally mizzling I feared she might take cold there. I shall be glad when I learn that she has not. I assume that she telegraphed me immediately upon reaching Mexico Monday forenoon as I the message arrived at 6.30 that eve. She will not write later than today as I wired Isaac to mail a message to her telling him that I should leave here Monday 5<sup>th</sup> inst. I shall be through here and I should be there. I want to leave the last for here I prefer to and get back via Phu May 1<sup>st</sup>

And I shall have plenty to occupy me in the  
east for the 6 weeks this would allow me there.  
I should have replied to your last earlier only  
that I was daily expecting to hear from Mr.  
Church and thought you would like to  
know what he thinks of Mammoth. I  
was beginning to think that he had  
misunderstood me and written me to  
Phelada. When I saw his name in  
Palace animals in Chronicle of 29<sup>th</sup> ult  
so may hear from him here yet.  
I think I wrote you that the Balance had gone  
to Taylor - Staunton Gray took charge of it.  
With a couple of days searaphon we have had  
fine weather here and think I am all right.  
The family all through summer well.  
Bishop Kendrick was here over last Sunday  
and held service morning and evening.  
Judge and Mrs. Perry intended to start to  
San Diego to-morrow to locate there - on account  
of his health but I learned yesterday  
that he would not, probably, be well enough  
to go. Miss Ellis was quite sick but is now better.  
Shanghnessy was buried last Saturday.  
I had made up my mind to pay \$4000. but  
he put the \$1000 in such a light that I determined  
to take his and your view of it and he made such  
an appeal for "on behalf his real needs" that Serv.  
anted to Gov. some verbal pledges added by him

You can use your judgment as to when  
to show them this, or not all, as you think proper.  
Perhaps it would be better to show it to  
Judge Goodwin at first opportunity  
as to that 10,000 shares. I would pay  
him \$1000. for it when free from the attach-  
ment. I asked C. if he could not com-  
promise that and he said he thought  
he could if no one knew that he was getting  
any money from me but if it did they would  
think (every body) that he had a price and  
would go for him. I do not mean of  
course that I would buy this for the  
poor but I would get some one to buy it  
for themselves.

As I shall not get Church's report until  
too late to-morrow to add anything to  
this and mail, I will close it now.

I ate what you say of use of one  
check which is all right. I may not  
write you again until I reach Philada.  
Ever affectionately yr father J. May
